Becoming me at Burford CofE Primary School: Class 6

Welcome!

Welcome back to the second half term at school. The children have settled in well and we have developed a good routine to the day.

This half term we are going to be engaging with our individual targets as shared on our learning plans as well as lots of other exciting learning.

As always if you have any worries, queries or anything at all that you would like to discuss then please just come in and see me or drop me a message on ClassDojo!

P.E & Forest Schools

We will do P.E on a Monday with Class One.
Forest Schools will continue to be on a Wednesday.
Each afternoon we join Class One and join in the play with our friends in there.

Home and School links

ClassDojo:
I will continue to share any updates on ClassDojo.
Similarly, I will upload photographs of the day's activities and the learning we have engaged in. Please share this with your children at home as it would be lovely for them to share it with you too.
Please do upload any photographs of the things you have been doing at home too – we can then share this in school and talk to the children about it.

Curriculum

Communication & Language:
We will continue to learn key words we need to communicate and the Makaton signs for these words.
We will be sharing stories related to the special days we are learning about.
We will also begin our phonic journey and learn the sounds of the letters of the alphabet.

Personal, Social and Emotional Development:
We will be practicing taking turns and sharing with our friends.
We will learn about special days and how we celebrate these and how others celebrate them also.

Physical Development:
We are going to develop our fine motor skills and practice mark making, threading and cutting.
We will also develop our gross motor skills by climbing, riding the bikes and enjoying Forest Schools.

Literacy:
We are going to learn to recognise and write our name. Similarly learn the Makaton symbol for our name.
We are going to follow instructions to do some baking and to make a buffet fit for a birthday celebration!

Maths:
We are going to develop our awareness of working within numbers to 10. To read, write, count and order the numbers to 10.

Understanding the World:
We are going to be learning about Bonfire Night, the special day we were born and how we celebrate birthdays. We will also learn about the Seasons, and particularly Winter. Before getting ready for Advent and Christmas!

Expressive Arts & Design:

We are going to be exploring different materials to make some firework art and music. We will also be making some Christmas crafts.

Autumn 2 – Celebrations / Special Days
